College Observes Spanish Fiesta Today

Drama Students Offer 'Cock Robin' Tonight

Mystery Play Has Splendid Cast--Phillips

Tickets Now On Sale

Production Will Begin At
8:15 Under Direction
Of E. C. Phillips

Murder suspects, cross examinations, and false testimonies will feature the drama department's annual production of "Cock Robin", the famous mystery play by Elmer Rice and Phillip Barry. Which will be presented as a grand finale to the Fiesta Day program in the high school auditorium tonight at 8:15 p. m. The production is staged and directed by Ernest Crozier Phillips, jaycee dramatic instructor.

The plot of "Cock Robin" shows the back stage life during rehearsal and production of an English history costume play by a group of ultra-modern sophisticated society folk who are giving the show for charity purposes. Hancock Robinson, a suave charmer of women, has great difficulty with McAuliffe, the hard-boiled stage director and his eagle-eyed assistant, Miss Scott.

Murder Occurs

During the production of the show, Robinson is mysteriously murdered, and in order to keep the entire affair quiet Julian Cleveland, prominent middle-aged lawyer, takes the investigation in hand and brings forth the startling discovery that each member of the group had a separate and distinct reason for wanting to kill the murdered man, and each had gone to elaborate and unusual preparations in order to dispose of him.

Although the actual murder is committed on the brightly-lighted stage and within full view of the audience, no one is able to testify as to the guilt of any one of the five persons surrounding him. In the final few minutes of the play Dickie Lane, the estranged lover, by a startling method of deduction, brings forth the true identity of the insidious killer.

Plan Elopement

Carlotta Maxwell, prominent young society girl, has come under the influence of Robinson and in planning an elopement with him much to the anger of Lane, and her uncle, Dr. Grace, and each make plans to prevent the two from sailing together.

According to Mr. Phillips, "Cock Robin" is unusually difficult because
(Continued on Page 4)

DEAN FISK DEPICTS OLD SPANISH FIESTA

La Fiesta Day—a day of colorful gaiety, inspiring fellowship and genuine goodwill. This typifies the traditional spirit of the Dons which is revived on this day. Let every Santa Ana Don participate in the festivities and enter into the spirit of the occasion and help perpetuate this fine tradition. By so doing the friendliness, graciousness, and hospitality which characterizes the Dons of the old southern California ranchos will continue to live on our campus and be carried beyond the campus enriching all life.

Characters in the cast of "Cock Robin", murdermystery, which will be presented in the auditorium tonight at 8:15 p. m. under the direction of E. C. Phillips are as follows: Top row, from left to right—Ed Conner, Dean Wright, Bob deFree, Mitchell Hookins, Herman Goodwin, and Glover Hendrickson. Bottom row—Margery Burns, Ada Marie Hendricksen, Eugene Olsen, Elizabeth Skiles, and Marjorie Arundell.

Hammond Message

The Junior College again welcomes its guests and friends to enjoy with us the activities of Fiesta day. On this occasion we endeavor to focus our attention on the Dons and Donas of the early days, to understand their philosophy of life and to appreciate more truly their contributions to society and civilization. The Spanish conquistadors, explorers, and religious leaders were heroes of indomitable will and energy and worthy of serious study. The common people led a life characterized by a jore de vivre which has not been surpassed by any race at any time in world history. As we in our economic readjustment are finding that we are going to have more time for leisure we must learn to use this time wisely. Let us learn how to play. A study of Spanish life of the older days will enable us to incorporate into our mode of living cultural qualities that are necessary for a well-balanced life of work and play.

Much time and thought have been given to planning events which we hope will faithfully depict old California days and when the festivities are over we hope we may part with a joyous and sincere "Adios, Amigos".—D. K. Hammond, President.

College Banquet To Be Held Soon

Active work on final plans for the annual college banquet to be held Tuesday, June 9 at the Ebell clubhouse, will be speeded up as soon as Fiesta is over with, it was revealed today by George Griffith, social commissioner.

Committees have already been appointed and the preliminary outline for the affair worked out.

Faculty And Students Unite In Celebrating Traditional Holiday Of Early California

Entertainment Includes Costume Parade, Talks, Music, Luncheon, Skit, Banquet, Whisker Judging, Dance, And Annual College Play, "Cock Robin"

Marian Parsons Is Fiesta Day Chairman

George Griffith And Maybelle Ball Crowned Don, Dona, For Annual Spanish Fiesta Day By Father John O'Sullivan Of San Juan Capistrano

Coquettish señoritas in glittering spangles, smiling caballeros in brilliant sashes and boleros, interspersed with daring banditos and charming sedate Donas, transformed the local campus into a veritable Spanish holiday today, when jaycee students, faculty and friends joined in observing the fourth annual Spanish Fiesta day, presented under the sign of the Don in the college history.

Festivities opened this morning at ten o'clock, with the coronation of the Don and Dona, who ruled the day. Maybelle Ball, chose by popular vote of the students at a recent election, occupied the Dona throne, while George Griffith was chosen to wear the crown of Don. Coronation ceremonies were administered by the Right Reverend Father John O'Sullivan, priest of the San Juan Capistrano Mission. Preceding the coronation, a

Dunlap Message

It is a pleasure to cordially welcome all the guests to our campus for Fiesta day and extend to them the same gracious hospitality that was the outstanding characteristic of our namesakes, the Dons and Donas of early California. Our campus is yours today and virtually every phase of our college life has been included on the well-rounded program for your entertainment.

Regardless of whether our visitors expect to attend Santa Ana junior college, it is hoped that a true picture of junior college will be carried away. Despite the unusual element of gay colors, beautiful Spanish costumes, the arena, special exhibits, and other features of our traditional Fiesta, a distinct collegiate atmosphere is ever-present.

You have helped to make our celebration a success by attending the programs and we are glad to have made your acquaintance. You are welcome to come again at any time, either as guest or fellow-student

Adios,
John "Sky" Dunlap
Associated Student Pres.

Fullerton Gives Program Tuesday

More than 300 students of the Santa Ana junior college turned out to hear the exchange program presented in the auditorium Tuesday by the Fullerton junior college.

The program consisted mainly of a play, "The Lord's Prayer". In the cast were Doris Redfern, who played the part of Rose; Bill Nash, the Cure; Leigh Whitsett, Zelee; Isabel Tracy, Mere Blanche; and Bob Parsons, Jacques Laroux.

grand processional, formed by the college students in costume, greeted the entrance of the Fiesta rulers, who were escorted to the arena in a flower bedecked donkey cart, true Castilian style.

Parsons Fiesta Chairman

Complete arrangements for the day have been in the hands of Marian Parsons, appointed by the executive board. Miss Parsons arranged for a very interesting program, including noted speakers from California. Harry Carr, well-known columnist of the Los Angeles Times, will be the principal speaker and outstanding guest of the day.

In addition to several special guests, several hundred prospective graduates from Orange county high schools will be welcomed at two o'clock this afternoon, by John "Sky" Dunlap, president of the associated students.

The morning program will open with the coronation services, followed by a Spanish dance given by eight students on the campus. T. E. Stephenson, Santa Ana postmaster, was introduced by D. K. Hammond, president of the college, who in turn introduced Harry Carr, who gave the principal morning's address.

The Don quartet composed of Dons Simeon Toelle, James Lukens, William Fox, and Charles Crumrine, accompanied by Alan Revill, presented several vocal selections, which concluded the morning's program. Following announcements made by Dona Parsons, Fiesta chairman, a Spanish luncheon was served in the "Y" hut.

At one o'clock a series of amusing sideshows was in progress, with the arrival of students from the various Orange county high schools scheduled for two o'clock. At 2:15 a program will be presented in the arena, following the welcome to be extended the seniors by President Don John "Sky" Dunlap.

The trumpet trio composed of Dons Don Abbott, Warren Schutz, and Carleton Smith, will play, followed by the famous El Toro dance,

PRESS ASSOCIATION

EDITORIAL COMMENT

The Fourth Fiesta Day

Hail Don and Donas on this Fiesta Day, day of all days when we, in joyful festivity, glory in the atmosphere of our Spanish traditions!

Let the spirit of freedom and the romance of the days of old California be felt by every Don and let this Fiesta day be one that will mark the welding together of friendships and relationships that will last throughout the coming year.

To those who are not new in the college, Fiesta day means more than a period of gayety; to them it is an occasion when tribute is paid to the founding of true Don spirit for which the college is so well known. And so it should be, a celebration based on festivity alone would soon pass from memory, but the spirit of the Spanish Dons, with the real Latin courtesy and friendship, must prevail.

Welcome Seniors!

To the 1931 graduates of Orange county high schools attending the celebration today we extend a hearty welcome. It is our hope that you will enjoy the hospitality of the Dons and Donas and get a touch of the friendly spirit of the Santa Ana junior college.

We are glad to be hosts to you this day when all is gay and festive. May your stay on the campus give you an insight on the activities of the school and an appreciation of the part the junior college plays in the educational system of the state. The campus is yours for the afternoon and evenings; make yourself at home.

Office And Capacity

Election time rolls around again. That period when those who desire to serve in the capacity of student leaders begin to renew old acquaintances.

Student officers are needed to further cement the link between faculty and the student body; to bring about an understanding and a feeling of cooperation between these two groups. It is through the medium of the executive council that the student makes known his needs.

Student executives reflect the spirit of their college at the annual conventions of one kind or another that are held in the state. Therefore, it is wise to choose a student cabinet that is truly typical of the L. A. J. C. student body.

The student administration now in office has proved its capability by controlling to the best of its ability the affairs of those it represents. Mainly through its efforts a representation in a national forensic contest was provided, a large athletic program is being carried. All duties have been executed smoothly.

But the situation can always be improved upon; and in the coming elections a group of leaders should be selected that, among other things, will carry out campaign promises and enliven the college.—L. A. Junior Collegian.

DR. MAYO ON

PROHIBITION

You can get along with a wooden leg, but you can't get along with a wooden head. The physical value of man is not so much. Man as analyzed in our laboratories is worth about 98 cents. Seven bars of soap, lime enough to whitewash a chicken coop, phosphorus enough to cover the heads of a thousand matches, is not so much you see. It is the brain that counts, but in order that your brain may be kept clear you must keep your body fit and well. That cannot be done if one drinks liquor. A man who has to drag around a habit that is a danger and a menace to society ought to go off to the woods and live alone. We do not tolerate the abject use of morphine or cocaine or opium and we should not tolerate intoxicating liquor, because I tell you these things are what break down the command of the individual over his own life and his own destiny. Through alcoholic stimulation a man loses his co-ordination. That is why liquor is no ad-

vantage to the brain. You hear people tell how they had their wits quickened for the first half hour by liquor, but they don't tell you how later their body could not act in co-ordination with their brain. You will hear on every side men bewail the loss of their drink, but the rights of the few who cannot see ahead or have the future of their nation at heart must be regulated to safeguard that great body of future citizens who are now ready to step into the ranks. You boys have something ahead of you in the problem of preventing the return of liquor. We have not lived up to our laws, but I repeat, education is what we need to combat this condition.

When we have our younger generation completely educated we will not have types who say, "Why should I not have my rights as a citizen?" It is through the boys of today that we hope to see a sound and everlasting prohibition worked out in this country. Keep yourselves free from all entangling habits. Remember it's the brain that counts. (Dr. Charles Mayo, in the Journal of the National Educational Association.)

OVER THE EDITOR'S DESK

By RICHARD ROBBINS

SERVICE clubs of the campus are to be congratulated on the way they have cooperated with Fiesta day committees in staging the fourth annual Fiesta day. It is through the help of these organizations that the school is able to attempt the large program of activities for which it is so well known.

SENIORS of Orange county high schools are welcomed on the campus today. It is for their pleasure that the program is being given this afternoon and the banquet being held this evening. Dons realize that the junior college plays an important part in the educational system of the state and are anxious to do their part in training men and women of the coming generation.

DONS wish seniors who are graduating this year to take this opportunity to acquaint themselves with the campus, visit teachers and partake of the spirit of the students. It is difficult with only a small insight into the activities of the school to gain an idea of what the institution offers to students who do not plan to enter four year institutions on the completion of high school.

HOWEVER, it is the hope of the Associated Students that each will be able to observe enough so that he will feel the pulse of one of the most active junior colleges in the state of California.

I RECALL

"What are you looking at?" a softly feeble voice from my side causes me to turn and look who the unexpected inquirer is. My sympathy is aroused as soon as my eyes catch the sickly smile of a miserable looking man of thirty with a dirty unshaven face. His drooping eyes and whiff of liquor that emits as he begins to speak, tells me that he has been drinking. His lips part as he smiles and a row of bad brown teeth from among which one is missing is exposed.

He tells me that he was once a seaman. A black old cap is put on his shaggy hair. His dirty black coat unbuttoned at the front exposes a blue shirt open at the throat.

He repeats many times the tale of his visits to the Orient. He expresses his love for my countrymen. Then with a lowered voice asks for a few cents with which he can get a bite to eat.

"I will be able to get a cup of hot coffee. Thank you," he says as he puts the money in his pocket. He walks away with unsteady steps, his shoulders thrust forward, and eyes, flooded with tears.

Golfer: Terrible links, caddy, terrible!
Caddy: Sorry, sir, these ain't the links—you got off them an hour ago.

FLOWER FACTS

Did you know that there is, on the Santa Ana jaysee tract to the south and east of the science building, a garden composed of native wild flowers and shrubs? Of the herbs blooming there is the cup phacelia, of a blue-purple; bell phacelia, purple; and lupin, purple. There are three other flowers blooming, the blazing star, large yellow; California poppy, and borage, which is of orange color.

The shrubs in bloom are the flowering currant, wild lilac, coffee berry, mountain mahogany, and yellow pentstemon. A yucca is also in flower. Most of the seeds and shrubs were obtained by Ada S. McFadden, high school biology teacher, from Theodore Payne, Los Angeles, who specializes in native plants. Some of the shrubs were procured from Russell Adkinson. The wild flowers and most of the shrubs were planted in October, 1930, while the large shrubs were planted in April of the preceding year.

Warning is issued by the science department that the plants cannot be touched on any pretext whatever.

HUMOR

Garboling lambs, fleecy clouds, springy green earth, and so on. Tests and more tests. Reports due. What do I care? Classes to go to—I calmly cut, disregarding the fact that I've taken my full quota. Teachers are boring people. Heartless too. What do they care about my feelings? Don't they ever feel like dropping everything and daydreaming? If they were human, they would. I think Mr. Bruff does. Every once in a while he dismisses his zoology class early. What does he do with the rest of the time? Miss Watson gets a dreamy look in her eyes these days too. That view out over the administration building reveals a superb skyline, and she pauses once in a while to have a glance. Is she, too, longing for the open highways, fields of blooming poppies, and the white sands of Newport Beach.

Well, what will be, will be. I get this way every year, and I haven't died yet. I always recover. But after all it is just a drastic case of the Spring Fever and few of us are immune to it.

ORANGE THEATRE NEWS

Another bangup motion picture program has been scheduled by the Orange Theatre management for the coming week. Every type of entertainment has been procured; comedy, romance, thrills, and melody. As usual, five acts of vaudeville are presented each Sunday.

PESTS

Present a small radio to ant. Ant will listen in and will get set in habits. He will be unable to miss Amos and Andy and will stay home from the picnic.

Read Thomas Hardy articles to ant. Ant will be impressed and will improve self. He will work hard, become a big business ant, and will be tied up at the office.

Speak of the ant as a middle-aged animal. Ant will be annoyed and will take up sports and be a golfing bug. Then he will remain on the links.

Introduce a social butterfly to the ant and he will be intrigued. He will fall in love and lose his appetite for jam. Then he will stay home and write bad poetry.

Obtain a good valet and instruct him to groom the ant. He will think himself well dressed and will worry about the crease in his pants. The consequence will be his avoiding the picnic and dining at the club.

Tell the ant that he is a heterogynous hymenopterous insect and he will become dignified. After feeling himself in the public eye, he will decide the picnic is unworthy of attention and will go to banquets and make a big fool of himself.

Adopt an anteatater as a pet. Be inseparable from the same. The papers will record the fact and the news will reach the ant who will hear of the picnic and be absent.

GREAT ALIBIS

"I worked in an orange orchard last summer, and my beard grew and grew. During the second week I could stand it no longer, so I cut it off, and two dozen oranges fell out." This is a statement offered by Paul Wright for not entering the beard growing contest. "I can't," he went on in further explanation. "I tried it for a couple of days, but my beard began to catch in the typewriter, so I had to cut it off."

Other students, who did not want their names published, also gave reasons for not entering. The first, a tall, he-man sort of person, said: "I can't enter the contest because last summer when I lived at the beach I let my beard grow. One day I decided to take a long swim, so I went about a mile out. Floating on my back for awhile, I didn't pay any attention to my surroundings until I suddenly felt something flap against me. I then realized that I was surrounded by sea-weed, and that my beard was caught in it, holding the mass together. I stayed there for six hours until a swordfish came up and cut it apart. I have never let my beard grow since."

Yes, this beard growing contest has brought forth many things. The ladies have expressed themselves in no uncertain terms concerning it. The gentlemen have found that all the martyrs to a cause deserve all the praise they can get.

However, the most fruitful things that have been brought to light are the prevarications of which Paul Wright is undisputed champion.

Freshmen Easily Defeat Rival Sophs 9 to 3 In First Indoor Battle Of Santa Ana Junior College Series

Junior College Indoor Championship To Be Decided By
A Three-Game Series; Freshmen Have Edge
Over Sophomores In Pitching

Santa Ana junior college Freshmen indoor team easily defeated its rivals, the Sophomores, 9 to 3 last Wednesday. This was the first game of the three game series which will decide the college championship.

Les Fulson and Bomo Koral hurled for the frosh while Natland and Rodriguez pitched for the upper classmen. Fulson was the most effective issuing only one run in four innings. Sullivan and Fulson hit home runs for the frosh.

The contest was marred by continual arguing on the part of the Sophs at the frosh umpire who was fairer than the upperclassmen would give him credit for (under the circumstances.)

Siracusa and Fulson started the ball rolling for the lower classmen by scoring in the first inning. The sophs also came back with a run in this stanza.

The series will probably be finished some time next week.

Coaching Class

"The boys in my coaching class are doing a fine piece of work in helping the elementary teachers coach lower grade students in their after school sports" is the statement made by Coach "Tex" Oliver, Supervisor of Physical Education in the Santa Ana schools.

"The boys in the coaching class will receive first choice in the work of supervising the summer playgrounds. They have worked hard and have proved their ability," says Mr. Archer, assistant to Coach Oliver and supervisor of all summer playground work in Santa Ana.

Swimmers To Exhibit At Fiesta Program

Santa Ana junior college swimming team will help with the entertaining of the students of the college and of schools close by who are interested in the activities of the junior college by putting on a short swimming exhibition the afternoon of the festival.

It is uncertain yet whether or not the high school will help or not, but according to Coach Bill Cook the relay team will swim and there will be several races.

Meet The Home Run King And Family!

The Ruth family is in New York, where the master of the house has started his 18th major league baseball campaign. Last year Hack Wilson, of the Chicago Cubs, won the home run championship, but Ruth promises Wilson a much closer race this season. Above, left to right, are Mrs. Ruth, the Babe and Dorothy Ruth, their adopted daughter.

Santa Ana Junior College Closes Baseball Year Here Saturday With Powerful Fullerton Yellowjackets

Coach Clyde Cook's Squad Is Defeated 4-3 in Close Game
With Strong Los Angeles Team; Melvin Beatty
Knocks Home Run In First Inning

Vikings Lose

Coming through in the ninth inning the powerful Fullerton junior college baseball team defeated the Long Beach team with the score of 6 to 5 which drops the pennant contenders into a tie with the Los Angeles squad. Coach Clyde Cook's Dons will entertain the Yellowjackets, the surprise team of the league, tomorrow on the local field.

The affair between Long Beach and Fullerton was a pitchers dual between Hemus and Salveson both stellar pitchers of the junior college league.

With two wins and three defeats to its credit, the Don baseball squad will try to end its season here this Saturday in the 500 percentage column at the expense of Fullerton junior college. The hornets have one of the strongest teams in the conference and already hold a practice victory over the locals.

Playing a nip and tuck game until the eighth inning when a few errors and a homer aided the strong Los Angeles junior college in defeating the Dons by the score of 4 to 3, leaving the Santa Ana junior college baseball team with three defeats and two wins for the season. Coach Clyde Cook's team will entertain the Fullerton Yellowjackets next Saturday on the home field.

Heavy hitting of the day was contributed by Melvin Beatty, the Dons consistent catcher, who bounced one on the pavement over left field fence on his initial trip to the plate. "Coach" Natland also hit when hits meant runs.

Coach Clyde Cook's revamped line-up in the in-field worked perfectly with Les Fulson shifted to second base filling the shoes of Dante Siracusa and "Bomo" Koral taking the work at the third sack.

Local Tennis Team In Tourney Next Mon

Although the Don's tennis team has only been able to win a practice game from Whittier College, they will meet the powerful Los Angeles junior college squad next Monday at Los Angeles. At the present time candidates of the team are trying out for the Los Angeles invitational.

The team has been under the management of Harry Motley, who has handled all the work of getting the meets and helping the boys in practice. Charlie Waters, a second single man of the squad, is ineligible after dropping one subject.

The lineup is as follows: first singles, Kirk; second singles, Evans; third singles, Slaback, fourth singles, Fry; first doubles, Ridenour and Buschr; second doubles, Higashi and Connor.

PAUL LEADS FROSH

Norman Paul, former Saint track captain, led the University of Southern California freshmen in track points this year with a total of 67 points. Paul scored in the low hurdles, broad jump, javelin, shot put, and 100 yard dash.

During his varsity career, Paul will probably confine himself to the low hurdles and broadjump. He has run the low barriers in under 25 seconds and jumping over 23 feet in the pit event.

SULLY'S SPORT SPOTS!

DOPE UPSET

During the spring baseball training season, sport writers said that the National baseball league would be a thrilling race between five of the clubs and that the American loop would be a two club struggle, so far the dope has been just the opposite for the American league is the much closer of the two.

It will be easier to determine the actual strength of the clubs in a few weeks for the East and West games will then be under way. The series in New York between the Giants and the Cubs should be a fight all the way.

St. Louis still appears to be the strongest team in the National race with an abundance of high class pitching and hitting. Brooklyn is the biggest disappointment in the league for the Robbings were pre-season favorites to win the flag.

Orange county high schools seem to like their new indoor league and quite a few of the coaches think the new league will be used again next year. Brea-Olinda and Anaheim protested the new loop in favor of the national pastime. Whittier college would of liked to have started night league among the colleges, but no progress was made to form a new conference.

WOMEN OLYMPICS

Aileen Allen, coach of the girls' track and field team from the Pasadena athletic and Country club, is preparing to lay plans for future women's track competition following her first meeting of some of her old stars in Paddock Feld, Tournament Park last Sunday.

This week Mrs. Allen has visited Santa Ana to look over the prospects in this section. Several outstanding candidates for the American Women's Olympic team reported for the initial work-out. Heading the list was Lillian Copeland, one of America's best javelin throwers. Her candidates were Alice Ryden, Eileen Hunt, Maybelle Reichardt, Mrs. Ann Vrana O'Brien, and Mrs. Ethel Howard.

Purdue, the Western conference champs in 1929, and New York University are to meet in football October 29, 1932.

During the 1924 season Art Nehf, of the Gians, opposed the Pirates in eleven games and won them all.

Congratulations Dons!

MONEY DRIVE TO COMMENCE HERE MON.

Five Service Clubs Join With Robert Brown In Campaign

Five school organizations of both men and women are co-operating with Robert Brown, president of the Gauchos club, in the student loan fund drive which will start Monday, and continue through the week.

The drive will differ in that instead of either collecting through classes or by stationing students at tables in the hall, every student in the school will be seen personally by members of one of the following clubs: Brotherhood of Bachelors, Sisterhood of Spinners, Las Meninas, Gauchos and Moavs.

The clubs each sent a club member to the meeting Monday where members worked out list of students for each club.

The number of students proportioned to each club depended on the size of the club.

According to Brown, leader of the drive, the clubs expect to raise more than \$200. He states, "The student loan fund is a fund that deserves the support of every Don in that it directly concerns the welfare of the institution. We do not expect to make this a penny drive." He further pointed out that due to the recent demand on the loan sum, the total has been greatly reduced and support will be particularly appreciated at this time. Large sums from students, although they will be appreciated, will not be necessary but that a steady flow of student contributions will be required to make the drive a success, it was pointed out.

"COCK ROBIN"

(Continued from Page 1)
of the fact that every member of the cast is one the stage during the entire three acts, and because their "stage business" must flow forth with unusual precision.

The cast is given as follows:
George McAuliffe (hard-boiled stage director) Eugene Olsen.

Julian Cleveland (the attorney) Robert dePree.

Richard Lane (romantic young man in love with Carlotta) Mitchell Hookins.

Hancock Robinson (Sleek, self-satisfied man-of-the-world) Dean Wright.

John Jessup (handy man, actor, and stage hand) Herman Goodwin.

Maria Scott (eagle eyed assistant to McAuliffe) Elizabeth Skiles.

Carlotta Maxwell (the young lady in love with Robinson) Marge Burns.

Alice Montgomery (prominent member of the social world) Mar-
orie Arundell.

Clark Torrance (a near sighted actor) Glover Hendrickson.

Dr. Edgar Grace (Carlotta's uncle) Wayne Flinn.

Helen Maxwell (Carlotta's mother) Ada Marie Hendricksen.

Henry Briggs (the stage manager) Ed Connor.

Mrs. T. Bridgeworth Worthington-Springer (society matron) Myra Lake.

Plans For Frolic May 20 Completed

Tustin Will Be Scene For Press Club Event

With details for their next social event concluded after a recent meeting of their social commission, Press club members today were preparing for the "Barn Frolic", which will be held in Martin Bowman's barn at Tustin, Wednesday, May 20.

Dancing, bridge, and games will be enjoyed during the evening as well as a few amusing stunts now being worked out by the committee in charge of arrangements.

The affair will be open to Press club members and guests. Single admission tickets are now on sale for 35 cents and may be bought from any club member. Adding to the atmosphere of the affair, cords will be worn by the men and print dresses by the women. Edgar M. Flowers, club adviser, will be the chaperon, together with T. E. Williams, printing instructor, who will be asked to attend.

The Bowman barn has a concrete floor, the dance to be in the form of a "street" affair. Music will be furnished by a high-volume radio. Those in charge of the affair include Paul Wright, general arrangements; John "Sky" Dunlap and Richard Robbins, transportation; Gladys and Grace Lloyd, refreshments; Laurin Griggs, Mitchell Hookins, John Crowley, and Robert dePree, decorations.

FIESTA DAY

(Continued from Page 1)
to be executed by Donas Helen Lee and Elsiebell Hurd. The Don quartet will again sing, followed by a clever whip act to be presented by Don Baxter Geeting, alumnus and Don king of the Fiesta of 1930.

The program will continue by a string ensemble by college Dons, followed by accordion solos by Don Cecil Slaback. The "meller drammer", "Rayos y Trueno", written and directed by Bob dePree, will next be presented, followed by a xylophone solo by Don Everett Idlor.

A tour of the campus, including exhibits, will be conducted by student guides at four o'clock, while a truly Spanish dinner will be served on the front lawn. At 6:15 p. m. entrants in the annual beard-growing contest will be judged in Andrews gymnasium, and appropriate prizes will be awarded. Dancing will continue until 8:15 p. m., when the college play, "Cock Robin", under the direction of E. C. Phillips, drama instructor, will be presented in the high school auditorium.

DEAN McKEE FISK WILL HEAD THIRD ANNUAL ORIENT GROUP

According to a recent statement, Evans, and Robert dePree, have signified their intention of going. Commencement exercises take place in Santa Ana June 10, and a plane is being chartered in Los Angeles to take the group to San Francisco for the embarking on the Japanese liner "Tatsuta Maru" at noon the following day. When the men arrive in Honolulu June 16 they are to be guests of the University of Hawaii for the day before continuing their journey toward the Orient. Upon arriving in Yokohama June 25 the party will be met by Japanese student and representatives of the Y.M.C.A.

Each year the Council secures arrangements with Japanese and Chinese representatives of the "Y" which enables students of Southern California to make the tour at a greatly reduced cost to them, and at the same time enable them to study the sociological and economic conditions in the great eastern country.

Fisk Well-Known
Being well known in educational and Y.M.C.A. circles in the Orient, Dean Fisk is chosen each successive year as tour leader. He is a prominent leader in many community projects, and has intimately associated himself with student life and with student's needs, and his personal contacts in the Orient add immensely to the value of the trip.

15 To Make Trip
It is the purpose of the committee to recruit a small, selected group of intelligent college men who are interested in international relations. The tour will be limited to 15 per-
including the leader. Representatives will be present from U.S.C., U.C.L.A., Pomona, Stanford, Occidental, and Pasadena, and so far only three from Santa Ana, Elmer Kogler, Richard

College Longfellows Invite Will Rogers To Become Member of Club

Completing an epoch-making year in the history of the junior college Longfellows' club, an invitation was sent recently to Will Rogers, world famous actor and humorist, asking him to join the exclusive list of "honorary members" of that organization, according to Charles Greenleaf, club president.

The most recent of the many festivities in which the organization has been featured was the summer merchandise fiesta parade which took place Friday and Saturday, May 1 and 2. Although the membership for the present semester has been largely inactive, Greenleaf stated 15 of the 40 sixfooters participated in the fiesta parade by "herding" a collegiate Ford, decorated with appropriate signs and pulling an old wagon on which was mounted a bathtub. One of the members sat upright and another lay in the bottom with his legs protruding, creating a humorous spectacle.

Announce Changes In 1931 Gym Work Two New Courses Planned For Jaycee Women

Several changes will be made in the women's physical education department next year, it has been announced by Alverda West, head of the women's physical education division.

The first course will be a class in the theory and practice of sports. The course will include instructions and practice in officiating and teaching sports, and is especially planned for women taking physical education majors. Members of the class will officiate at high school games, inter-class work in the elementary grades.

The department also wishes to have a two-hour course in archery. This will be a practice class only, and will give physical education credit. If present plans are carried through, the range will be constructed to the east of Andrews gymnasium.

GIVE MOTHER'S TEA

Between 100 and 150 mothers enjoyed a Mother's day tea and program given in their honor by members of the Y.W.C.A., W.A.A., and A.W.S., Monday afternoon from four until six o'clock in the "Y" hut.

SLATE FIELD TRIP FOR 28 GEOLOGISTS

Visit To Exposition Park Tomorrow To Include Mammal Study

Approximately 28 members of the Geology 1B class will spend tomorrow at Exposition Park, Los Angeles.

The purpose of this field trip is to make a study of large fossil mammals which were trapped in the Rancho La Brea tar pit, at La Brea and Wilshire Boulevard, Los Angeles. A study of the characteristics and evolutionary developments of the animals also will be made.

A trip planned for Tuesday, May 19, by eight members of the mineralogy class is that at the Crestmore Quarries west of Riverside. During the past year the various geology classes have made numerous trips including those to Paula, California, Pinalo Lava Caves, Laguna, and the dam site. Horace A. Scott is the geology instructor.

To Make Beard-Growing Event Awards Today

Valuable Prizes Offered Winners By Local Stores

John Crowley Is Official In O. K. Club Event

By Laurin Griggs
Those hirsute individuals who have been sulking about the campus for the past several weeks will be amply repaid for the isolation undergone during their period of social ostracism when prizes for the beard growing contest are awarded before the dance in the gym at 6:15 p.m., according to John Crowley, club president who is in charge of the contest.

Merchants of Santa Ana have co-operated in donating a variety of prizes, solicited by Crowley and other members of the club. For the fullest growth of beard a pair of varsity cords will be given through the courtesy of Vanderma's. To the wearer of the best set of sideburns and goatee combination a high-grade wallet is being given by the Woodruff-Granias company. Strock's jewelry store has offered a eight-day alarm clock which will be awarded for the finest set of sideburns with moustache. He who sports the heaviest moustache, devoid of any other hirsute ornamentation, will be given a necktie from Hugh J. Lowe stores. Sam Hurwitz is donating an initialed belt and buckle set to the possessor of the reddest beard and Hawley's are contributing a Golfer's pal scorer as a reward for the best looking goatee. In the nature of a booby prize is a pair of rubber heels and free shoe shine which will be given by Hoffman's shoe rebottoming place to him who has the scrawniest beard.

Thirty-six men of the college entered the contest but a check-up reveals that lesser number is completing it. Those who entered are Mitchell Hookins, full growth; Val Jean McCoy,

Distribute El Don To County High Students

Co-operating with Fiesta day committees, the staff of El Don this week increased the circulation of its paper from 500 issues to 1200 in order that every attending today's celebration might be given a copy of Santa Ana junior college's publication.

Complete news of today's program is contained in this issue's columns, which have been dedicated "La Edicion de la Fiesta".

It is expected by staff members that several of the high school guests on the campus today will be working on next year's El Don, which again will have as its adviser Edgar M. Flowers, who has had journalistic experience on the staffs of several professional newspapers.

College Musicians Appear Many Times During Music Week

Assisting in a nation-wide observance of Music week, members of several junior college musical organizations appeared at various times last week in Santa Ana's celebration of the event.

Members of the boys' quartette appeared in the all schools' program held Tuesday night in the auditorium of the high school. The women's chorus and members of the orchestra appeared on programs during the week.

Programs were held nightly in the Santa Ana high school auditorium, each evening being devoted to a different kind of presentation. Spanish night was popular, presenting many of the Spanish people of Santa Ana on the program of Spanish songs and dances. All schools' night presented students from all the high schools in Orange county as well as members of the mens' quartette of the junior college. The quartette, under the direction of Myrtle Martin, appeared on several other occasions during the week. Members of the group are James Lukens, Bill Fox, Charles Crumrine, and Simeon Toelle. Several talented junior college musicians are members of the Santa Ana symphony orchestra that gave an evening's recital on Thursday night.

Miss Martin, head of the music department of the high school and junior college, expressed her pleasure to help in putting over such a venture.

RACE HATRED EXISTS HERE

Fisk Conducts Sociology Experiments

An experiment conducted in the sociology class of human behaviour at 12:30 on Tuesday several days ago revealed that the age old problem of race hatred is not yet settled.

The experiment, called the social distance test, was conducted in the class by Dean McKee Fisk to determine the feelings of the class to each of the six nationalities voted on. There were seven sections to each vote. They were as follows: 1—My first feeling reactions of this race to citizenship in the United States. 2—To my church as full members. 3—To the street where I live as neighbors. 4—To college dormitory. 5—To my employment as fellow worker. 6—To my home as personal chums. 7—To close kinship by marriage.

There were 35 in the class voting. Of these, only one was willing to admit the negro to close kinship by marriage. The Filipino was totally excluded from this relationship by the class, while the British drew a vote of 33. One student was willing to admit the Chinese into his family. Twelve accepted Italians, and three accepted Mexicans.

The Negro, Filipino, British, Chinese, Italian, and Mexican drew the

following respective vote by the class on being admitted to their home as personal chums: 11, 8, 34, 15, 21, 19, and 14.

Seventeen admitted the Negro to their college dormitories, 21 the Filipino; 35 the British; 19 the Chinese; 27, the Italian; and 10 the Mexican.

Thirteen allowed the Negro to live on the same street as neighbors; 13, the Filipino; 33, the British; 14, the Chinese; 27, the Italians; 14, the Mexicans.

DUTTONS

Don Artist Will Sell Fiesta Day Pictures

Twelve Fiesta day posters, by Harley Melzian, of the art department, have been made and eight of these have been sent to the different high schools in Orange county. This work was made of linoleum block, cut out in the desired design.

Although this is his first year in junior college, Melzian has done much in the art department. These posters are said to be remarkable for their crispness and spontaneity. They are wholly original in their composition. The art department under the direction of Miss Anna M. Gilles has been doing some wonderfully fine work for the various school projects.

Because of the many requests for copies of these, Melzian has consented to print a limited number of the pictures in the center and they can be purchased from the art department for twenty-five cents apiece.

The class proved more lenient in letting the races into their churches as full members. They voted as follows: Negro, 25; Filipino, 24; British, 35; Chinese, 31; Italian, 32; Mexican, 35.

The class was a little more strict

Election Period Nears; Dons Look For New Officers

Schedule Ballot For New Executives May 26

With the announcement of dates for Associated Students nominations and elections, students of the campus are casting about for possible candidates for executive positions.

May 26, the date of the vote on the ticket sale amendment, has been designated as the election day and nominations will be made during assembly the week previously, May 19. To date no candidates have announced their intentions of entering races for offices and it is believed that the election this year will see very few in the contest.

With the approach of the election period will come the campaigning which adds to the election and provides numerous channels of activity for Dons wishing to see their fellow members in office.

in admitting them to citizenship in the United States. They indicated their feelings as follows: Negro, 29; Filipino, 20; British, 33; Chinese, 21; Italians, 29; Mexicans, 23.

Votes were not taken on the Indians, French, Germans, Japanese, Canadians, Americans, or Russians.

Give Brief Review Of Santa Ana College Fiesta Programs

Innovated in 1928, the annual Fiesta Day, in which jaysee students and friends return to the glamorous Spanish days of the past, is now a cherished tradition of the college.

This annual event was first held May 17 and 18, 1928, when all graduating seniors from Orange county high schools were guests on college day. The crowning of Pete Lehr and Flora Groenow as Don and Dona, programs, exhibitions, supper and informal dancing were enjoyed on Dons' day. College day chairman was Naomi West, while Eleanor Turner officiated on Dons' day.

In 1919, the Fiesta was limited to one day, with College Dons' days being combined and the visiting high school seniors joining the jaysee students in their festivities in the afternoon. The celebration began with a procession of all the Dons and Donas and terminated in the arena where Baxter and Margaret Cianfoni were crowned Don and Dona by Father O'Sullivan of the San Juan Capistrano Mission. Following the welcoming of the visitors in the afternoon by Willard White, Associated student's president, a bull fight provided wild excitement. A dinner of Spanish dishes was enjoyed in the early evening with a Spanish trio creating a festive atmosphere. The climax of the day was reached in the presentation of Shakespeare's Macbeth under the direction of Ernest Crozier Phillips.

Last year the day was a great success, mainly because of the efforts of Clara Kate Owens, who acted as head

of the Fiesta Day committee. Opening with the aeralling and crowning Don and Dona, Abbott Mason and Mary McHenry, the day was filled with entertainment. As in previous years, the seniors of the Orange county high schools were invited to the afternoon program, dinner dance, and college play. The "Show Shop", which replaced the customary Shakespearean play, climaxed the events of the 1930 celebration.

Eight Santa Ana Women Represent College At Meet

Eight members of the Santa Ana Y.W.C.A. recently enjoyed the week-end at Occidental College, where the annual spring Y.W.C.A. convention of Southern California was held.

Conferences were held all day Saturday. The main speaker was Dr. Regina, well known official of human adjustment. Miss Price, traveling secretary for the Asilomar division led the discussions. Doris Redfern was chairman of the convention.

Saturday evening, following a formal dinner, a dance was giving in honor of the guests. The girls spent Friday and Saturday nights at Orr Hall, freshman dormitory.

Those attending from Santa Ana were Elizabeth Riniker, May Hasenjaeger, Nelma Bishop, Lucille Crawford, Goldie Peale, Joanna Day, Jane Cunningham, and Dulcie Green.

WHO'S WHO IN HISTORY
Big Chief Sitting Bull—Who once forgot himself and stood up.
Diogenes—Who was paid by prominent Grecian theatrical producers to live in a tub.
Nero—Who said, "There's going to be a hot time in the town to-night."

1931 Graduating Class Gift Will Be Bought Soon

Two Suggestions Voted On By Jaysee Sophs

Graduating sophomores were given two alternatives in regard to the selection of a sophomore class gift when ballots were passed in assembly Tuesday.

One proposition called for the presentation of an original painting, probably the first of a series of similar paintings toward a collection which each succeeding class would add to.

The other suggestion was that of a signature book containing 250 to 500 pages about 22 by 17 inches in size. Constructed in all leather, it will carry out the college Spanish motif as well as in the colors of red and black. A dedication forward would be lettered by hand in Spanish style. At the end of each year, each graduating Sophomore would sign his name, high school from which they graduated, and where he were born.

A page would be devoted to a resume of the year's activities. Such a book would make an interesting and unique gift.

Results Kept Secret

Results of the balloting will not be announced until the gift is presented on Sophomore Day when graduates will have charge of a day's program.

Plans for a Sophomore breakfast to be held on Sophomore Day were also presented on the ballot.

Demosthenes—Who tried to eat stones.
Peter Minuit—Who was swindled out of twenty-five gold dollars by an Indian chief.
Omar Khayyam—Who said, "A loaf of bread, a jug of wine, and thou, the second of which is the most important."

Dons Have Next To Smallest College In Western League

Although having next to the smallest enrollment of any junior college in the conference Santa Ana always has one of the strongest teams in the conference in every sport. Los Angeles, the largest junior college in the conference has almost eight times as many boys as Santa Ana.

Steps were taken this year to put Santa Ana in the Western half of the junior college conference, where they would be competing with schools of their own size but this plan fell through and the Dons are going to remain in the Eastern half.

For many years Santa Ana has taken beatings from the larger schools, but have remained in the conference rather than change to play with the smaller schools. As it has been said "Santa Ana would rather be a little toad in a big puddle than the big toad in a small puddle."

Santa Ana and Fullerton, the two-smallest schools, have both won the Southern California championship in football.

Rankin's

First Week In June Named As Date For Del Ano Circulation

Del Ano will be distributed the first week in June, according to Betty Maloney, editor-in-chief of the yearbook.

Work is progressing rapidly, and the book will be sent to print the last of this week. The college print shop will do all printing-work on the annual, while the books will be bound in Los Angeles by the company that furnishes the covers. All of the sections have been completed and dummies constructed.

Miss Maloney has urged that more snaps be contributed. Although some snaps have been turned in there are not enough to fill the pages devoted to college life. Either negatives or

prints can be used. These should be handed to Miss Maloney or Joseph Koons, snap shot editor.

Fiesta Day will furnish an excellent opportunity to obtain some good pictures, and all students should bring their cameras, Miss Maloney pointed out. "Get the snaps in as soon as possible, so that work on the annual will not be held up."

Judge: "You maintain that you threw your wife out of the second story window though forgetfulness?"

Smith: Yes, we used to live on the ground floor, and I'd clean forgotten we'd moved.

SPINSTERS TO OBSERVE WEEK

Will Meet At Beach Home Of Frances Bowman

Important details of Spinster week were completed at the last meeting of the Sisterhood of Spinsters Monday night at the home of Marian Parsons. Next week affairs of the junior college will be headed by the Spinsters; the assembly Tuesday will feature drama and popular musical selections.

On Wednesday evening the Spinsters and their friends will gather at the beach home of Frances Bowman in Balboa for the last social affair of the club before the annual dinner dance that will be held May 20. A picnic dinner will be followed by dancing at the Rendezvous.

The week's events will be concluded Saturday when the members entertain delegates to the first annual honor society convention. The tea will be held in the "Y" hut and a special program is being arranged by the Sisterhood.

Definite plans for the semi-annual dinner-dance have not been completed, but the dance probably will be held at the Los Serranos country club or the Pacific Coast club. The affair will be formal and will conclude the year's events in which the Spinsters have been active.

Officers for next year will be installed at the dinner.

Members of the Sisterhood who will attend the affair are Margaret Wilson, Margery Adams, Betty Maloney, Grace Skinner, Marjorie Walton, Louise Proctor, Helen Hendricks, Bernice Keller, Bernice Summers, Bernadine Bender, Mary Todd Tate, Betty Wiswall, Aileen Adams, Mary Isch, Nelle Grafton, Ada Marie Hendricks, Iona De Remer, Marian Parsons, Marjorie Arundell, Frances Bowman, Helen Spangler, Marguerite Lentz, Phyllis O'Connor, Grace Marcher, Wilma Paterson, and the group's advisers, Lura Livenspire and Velma Sundquist.

Tavern Post Group Enjoys Steak Bake With Club Adviser

Tavern Tatlers, together with their adviser, Thomas Hall Glenn, enjoyed a steak bake at Dana Point recently. The group left school in the afternoon, and a few of the members braved the icy waters and went for a swim in the surf.

A huge bonfire was built and after the steaks had been baked and a vast amount of food had been consumed by everyone, a program around the fire was presented. Various members taken in during the past semester read initiation original writings while others told humorous and ghost stories.

German Club Holds Monthly Gathering In J. C. Apartments

German club members met in the Model Apartments of the science building recently for the regular monthly gathering of the group. Dinner, served promptly at six o'clock, was supervised by Lillian Neumann and Florence Resnick.

Details of the meeting had been kept a secret until the members gathered in the apartment. During the supper several humorous games were introduced by Lella Watson, faculty adviser.

At the conclusion of the dinner, members adjourned to the other room of the apartment where a German proverb game was played. Miss Watson and Miss Resnick proved to be victors in the contest. Marion Nau furnished several musical selections. The evening's entertainment concluded with the singing of several German songs.

Members present were Siemeon Toelle, Lillian Neumann, Margery Adams, Marian Parsons, May Hasenjaeger, Florence Riniker, Lucile Reich, Esther Romoff, Howard Randles, Jack Gould, Clayton Kaps, Alden Melzian, Theodore Groenow, John Smith, Carl Schoenberg, Edgar Fray, and Miss Watson.

Frenchies Enjoy Beach Gathering

Concluding a series of varied social events held throughout the past school year, the L'Hotel de Rambouillet French club of Santa Ana junior college enjoyed a recent beach party at Huntington Beach.

Following a swim in the plunge, the party was completed with a wiener bake at the mouth of the Santa Ana river. Velma Bishop was in charge of refreshments, while Julian Lecrivain arranged for the plunge party. Evelyn Parks, club president, had charge of the program.

Those present included the Misses Evelyn Parks, Ruth Brubaker, Marie Moog, Velma Bishop, Rosalind Schilling, Caroline Haughton, Corrine Lecrivain, Helen Campbell, Joy McPhee, Aileen Adams and Lella Katson, adviser, and Messrs. Julian Lecrivain, Glenn Hardin, Bill Reinhardt, John "Sky" Dunlap, Lawrence Hupert, Harry Motley, Art Jacques, Walter Wilson, and Leonard Morris.

Office boy: "Say, boss, there's a man outside with a mustache."

Boss: "Well, send him away. I have a mustache."

Bill C.: "Will I have a private bath?"

Clerk: "I hope so."

Maybelle Ball And George Griffith Rule Over Spanish Fiesta Program After Crowning By Rev. O'Sullivan

Coronation Ceremonies Given By San Juan Capistrano Padre After Grand Procession Of Collegians To Arena Located In Front Of "Y" Hut

Selected by popular vote of their classmates as the most suitable students to rule over the campus on Fiesta day, Maybelle Ball and George Griffith were crowned today as Don and Donna by Right Reverend Father John O'Sullivan of the old mission at San Juan Capistrano.

Father O'Sullivan is well known in Southern California for his work in restoring the old mission at San Juan Capistrano. Coming there in 1922, he found the old church in ruins. Since that time the buildings have been restored so that the mission now resembles its former glory. Father O'Sullivan is familiar with California history and at each Fiesta day gives the students some picture of old California life. He has written several books, one dealing with life in San Juan Capistrano. This is the fourth year that Father O'Sullivan has been present to crown the Don and Donna.

Griffith and Miss Ball are typical types to represent the Spanish traditions of the junior college. Active in all extra-curricular affairs, Miss Ball has been a member of the Executive board and an officer in the Moav club of which she is a member. Last semester she served as social commissioner. Griffith is at present social commissioner, as well as a prominent member of the Brotherhood of Bachelors. Griffith is a freshman; Miss Ball is a sophomore.

Escorted on an ox-cart, reminiscent of old Spanish days to the throne under the sycamore trees in front of the "Y" hut, the Don and Donna were crowned before several hundred students and guests. Many of the students in costume followed them throwing flowers. Throughout the day Miss Ball and Mr. Griffith will have complete rule of the campus, while faculty and students will pay them honor.

Fullerton Is Host At Teachers' Meet In Arrowhead Mts.

Offering its school cabin in the region of Arrowhead for an informal meeting of the biology teachers of Southern California junior colleges, the Fullerton junior college will be host for the weekend of May 15, 16, and 17.

The gathering is planned to aid the teachers in becoming better acquainted with the work of each other. J. Russell Bruff, head of the Santa Ana junior college science department, will attend and will present the proposed plans of the changes in the botany courses for his college. Discussions will be held informally.

Eleven Net Men To Get J. C. Monograms

Coach L.W. Archer, junior college tennis mentor, has announced that eleven members of the net squad will receive letters this season. Those who will get the monograms are Bob Kirk, Dick Evans, Edgar Fry, Cecil Slaback, Wilbert Bueschr, Lawrence Didenour, Dana Beal, Ed Conner, Hideo Higashi, Joe McKee, and manager Harry Motley.

She was only an optician's daughter. Two glasses and she made a spectacle of herself.

BACHELORS IN FIESTA ROLES

Handle Construction Work And Serve Supper

Doing virtually all the construction work for Fiesta Day, the Brotherhood of Bachelors, oldest men's service club on the campus, is taking an active part in the arrangements for the annual traditional event of the college.

Warren Schutz, grand exalted Bachelor last semester, was construction chairman and enlisted the aid of club members in erecting the arena, providing the tables and chairs for the evening supper on the lawn and building the refreshment booth in the gymnasium. The work started Tuesday morning with the erection of the arena, continued Wednesday and Thursday with the rest of the work and will be concluded Saturday when the tables and chairs will be returned to the junior high schools.

Construction committees working with Schutz were as follows:

Arena, Franklin Van Meter, Paul Bruce and Harry Clayton; tables and chairs, Bill Crawford, Jac Crawford and Paul Bruce; refreshment booth, Ervin Watkins, Stanley Johnson and Wayne Bartholomew. The Bachelors are also assisting the Sisterhood of Spinsters in decorating the gymnasium for the dance and will serve the evening supper.

Besides the construction work, other phases of Fiesta Day are being handled by Bachelors. Wayne Flinn, grand exalted, is program chairman; (continued on page 8)

Make Plans For Entertaining Confab

Santa Ana Will Be Host On May 23 To Conclave

President Of Local Chapter Prepares Welcome

Tentative plans for the Honor Society convention to be held in Santa Ana May 23, were released today by Bill Reinhardt, president of the junior college society.

Several prominent Southern California speakers have been obtained for the day's program. Dr. A. J. Coons, executive secretary of Occidental college, Dr. M. B. Hill, and Mrs. Jennie L. Tessmann of the local college will address the delegates who will gather here from all over California.

The day's activities will be in charge of the local chapter, assisted by the campus service clubs. At 9:45 a. m. visitors will be greeted and registered. At 10 o'clock a business session will be held in the auditorium, and officers for the coming year will be chosen. Officers are elected from the advisory group, and the president of the student group automatically become state president. Lella Watson of the local college is at the present holding the office. One of the speakers will also address the gathering in the morning.

Luncheon, under the direction of the Moav club, will be served at 12 o'clock in the cafeteria. At the conclusion of the dinner, various groups will meet in round table discussions in connection with the organization of the scholarship society.

As Santa Ana junior college was the first in California to have a chapter of Phi Theta Kappa, a special discussion will be held for jays interested in forming chapters of the national honor fraternity. Manfred Mueller, president of the local chapter of Phi Theta Kappa, will be in charge.

After the business session visitors will return to the auditorium where a program will be presented. Ernest C. Phillips, dramatic instructor, is preparing a one-act play for the event.

As a conclusion to the day's activities, guests will be entertained at a tea in the "Y" hut by the Sisterhood of Spinners.

Committees working with Mr. Reinhardt in making a success of the convention are reception, Gauchos, Los Meninas as well as members of the Honor Society. Bachelors will assist in preparing entertainment for the visitors. Moavs will have complete charge of preparing and serving the luncheon, while the Sisterhood of Spinners will present the tea.

Members of the local chapter of Honor Society and Phi Theta Kappa will be in charge of all other details.

Melzian, scrawny; Jimmy Stafford, anything he can, which God knows isn't much; Paul Wright, (?) (this lard also chickened out) so he must be classed with the hooey from San Juan Capistrano; Joe Rodriguez, anything and everything; Leonard Johnson, (?) Russell Koons, scrawny; John Crowley, moustache; (also a chicken); Harry Clayton, scrawny; Dale Van Gorkum, quien sabel George Griffith, sideburns and moustache; Glenn Smith, sideburns and moustache.

One shave apiece will be awarded each of four fellows who do not win prizes but who the judges deem worthy of recognition. This service is being rendered by the O.K. Barbors.

Chairman Of Fiesta Day Thanks Committees For Aid In Staging Fourth Spanish Day Celebration

Another Fiesta day has come, and Juliet Taylor. While Roy Wheeler was in charge of the historical Spanish exhibits, all department exhibits and demonstrations have been arranged by Elizabeth Riniker. The president of the A. W. S., Hazel Hushman, has arranged a reception for all women.

George Griffith, social commissioner, has stayed by his usual job, that of planning the dance. The secretary of the student body, Ada Marie Hendricksen, also retained her official capacity in carrying on arrangements and correspondence for the day. The tickets for the play were distributed and supervised by Jac Crawford. All printing and publicity has fallen on the shoulders of Oran Asa. Mr. Glenn, taking over the responsibility of faculty adviser, has worked unceasingly in supervising and contributing ideas to the general planning of this day.

Although every activity and organization on the campus has assisted with our Fiesta day, special recognition goes to the six service clubs, the Moavs, Las Meninas, Spinners, Gauchos, Junior Lions, and the Bachelors for their excellent work in making this day a success.

I am sure I am voicing the opinion of the Fiesta committee when I say to all who took part in the preparation and completion of this Fiesta day, "Muchas Gracias"—Marian Parsons, Fiesta chairman.

BACHELORS

(continued from page 7)

George Griffith, senior exalted, is the Don and chairman of the dance; Jac Crawford, chairman, is in charge of the ticket sales for the annual play, "Cock Robin" and John "Sky" Dunlap, student president, will make the address of welcome.

The members of the Brotherhood are carrying out the annual custom of wearing their flowing red ties with the Spanis costumes and will also wear a small red and black felt rolling pin with the name of the club on it.

Plans are also being completed for the annual club banquet to be held at the home of Wayne Flinn, grand exalted, on Monday, June 1. The party will be "stag" with several mothers preparing the meal and will be featured by the installation of new officers. The next meeting of the group will be held Monday night at the home of George Blewitt in Anaheim. New officers for next year will be elected.

Spanish Club Host To Three Of South

At the last meeting of the Cervantes club three guests, Mr. J. L. Brede, and Miss E. M. Brede of South America and Mr. S. H. Humeatan, of the Tustin union high school, were present. The meeting was in charge of Henry Kirk, the president. Mr. Brede, who has just recently come from Chili, gave an interesting account of the country, its customs,

Junior Lions Of College Will Go To Annual Confab

Riverside Will Be Scene Of District Meet

Riverside will be the scene of the annual convention of Junior Lions when Cubs from district four that includes California, Nevada, and Hawaii gather there on May 14 to 16. Several delegates will attend from Santa Ana although due to the conflict of Fiesta day they will not leave until Friday night.

Highlights of the convention will be the election of district officers. At last year's convention Eric Twist of the local den was elected secretary. It is hoped that Santa Ana will again be represented among the officers.

Two years ago Santa Ana was host to the district, entertaining the delegates at the same time as the annual Fiesta. Approximately 200 gathered at the local convention.

Junior Lions from Santa Ana that are planning to attend the gathering are Oran Asa, Willard Minor, Edward Meador, Paul Wright, Richard Robbins, Stewart MacPherson, Val Jean McCoy, John Smith, John Wykes, "Truck" Lindsey, and Don Harrison.
